Dr. Joseph Yang
Deputy Assistant Secretary of the Army (R&D)
Room 2E672, The Pentagon
Washington, D. C. 20310

Dear Joe,

This is to confirm action taken as a result of our conversation about a replacement for [redacted] as Chairman of the IR&DC Image Processing Working Group.

Mr. Walter Boge of the Engineering Topographic Laboratories has agreed to serve but believes it would be helpful if you or [redacted] as Council members, would give your imprimatur to his appointment. Perhaps a phone call or a note to the Commander of ETL would suffice.

Sincerely,

[redacted]

Executive Director, IR&DC
